Re: Court Rule No. 2003-47

Dear Honorable Judges:

As a Veteran of the Korean Conflict and a 74 year-old citizen of the United States, I adamantly object to the Michigan Supreme Court even contemplating changes in the Law making it unlikely for me, as an asbestosis victim, to compensation if so awarded by jury trial.

Realizing that I have very little power against the "Big Boys" of the Asbestos industry or large law firms, i.e. Dickinson Wright, to do more than voice my concern to the Court; it is time for Justice to help not only corporations but all of us little people who depend on you for fair treatment under the Law.

Please consider how you would think about this had you been diagnosed with a life-shortening disease.

Sincerely,

William Scott Jr.
